P. ROYDEN, Esq., of the Exchange Hotel, Rich-mond, known everywhere says he has seen the Medicine called Carrer's Spanish Mixture, administered in over a hundred cases, in nearly all the diseases for which it is recommended, with the most astonishingly goed results. He says it is the most ex-tra-rdinary medicine he has ever seen.

AGUE AND FEVER-GREAT CURE.-I hereby certify that for three years I had Ague and Fever of the most violent description. I had several Physicians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all with out permanent relief. At last I tried Carter's Spacish Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither chills or fevers since. I consider it the best Tonic in this world, and the only medicine that ever reached my case. JOHN LONGDEN. BEAVER DITCH, near Richmond, Va.

C. B. LUCK, Req., now in the city of Richmond and for many years in the Post Office, has such confidence in the astonishing efficacy of Carter's Spanish Mixture, that he has bought upwards of 58 bottles, which he has given away to the afflicted.—Mr. Luck says he has never known it to fall when taken according to directions.

Dr. MINGE, a practising Physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Car er's Spanish Mixture, which were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were won-derful indeed.

GREAT CURE OF SCROFULA. - The Editors of the Richmond Republican had a servant employed in their press room, cured of violent Scrofula, com bined with Rheumstian, which entirely disabled him from work. Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Edi-tors in a public notice, say they "cheerfully recom-mend it to all who are afflicted with any disease of STILL ANOTHER CURE OF SCROPULA .- I had

> AMERICAN MUSKETS FOR FOREIGN USE. There is great activity at present among some of our American gon manufacturers, induced in part by the war in Europe. The Windsor (Vt.) Journal says that the Robbins & Lawrence Company, of Windsor, bave just contracted for the manufacture of muskets to the amount of some four or five hundred thousand dollars. The contract is made for a company in London, and the arm to be manufactured is the Minnie rifle with some modifications. The fulfilment of the contract will require an additional

force of two or three hundred men. The Boston Chronicle has the follow-

The latter was very troublesome to his friends. His name commenced with the letter A. He frequently voted wrong, by mistake, and led others wrong. By arrangement with the clerk, his name was put down second on the list, and being a "regular," he submitted, an , voted invariably with the leader that had been made thus unceremoniously to outrank him.
